ARCHITECTURAL WOOD PRODUCTS

THE FUTURE OF  
ARCHITECTURAL WOOD  
PRODUCTS IS NOW

## ‘BQ’ STANDS FOR BELGIAN QUALITY

Belgium has long been celebrated for its architectural ingenuity, blending timeless craftsmanship with modern sophistication. At Belgiqa, we draw inspiration from this rich heritage to elevate the warmth and elegance of wood in interior design.

Our veneer panels are a testament to this legacy, offering a versatile solution for walls, ceilings, and furniture. With a curated selection of wood species, colors, and qualities, we empower architects and designers to craft harmonious and bespoke interiors.

Backed by years of expertise in wood finishes and advanced staining techniques, Belgiqa delivers unparalleled, high-quality solutions for those who seek to create distinctive spaces that leave a lasting impression.

ARCHITECTURAL WOOD PRODUCTS

CREATE THE SEAMLESS EXPERIENCE

Introducing Belgiqa seamless wood design:  
expanding our expertise beyond parquet floors

After years of providing premium parquet floors, we are excited to introduce our new range of veneer products. Perfect for **wall coverings, ceilings, and furniture finishes**, our veneer collection offers two distinct options to suit your design needs: wood **veneer planks**, **flexible veneer** and **veneer panels**. All can be made to match the floors. Whether you're looking for a seamless, modern finish or a more textured, plank-style look, our veneer products offer unmatched versatility and elegance.

PRODUCT OVERVIEW

veneer panels

The veneer panels are expertly designed for large-format seamless wall coverings or furniture cladding and offer a sophisticated solution for your interior spaces. These veneered MDF panels can be easily cut to size in-store or on-site, providing the flexibility you need for any project. Our boards are available in different grades and are finished to perfectly match the beautiful finishes our parquet, flexible veneer , ...

veneer planks

Our veneer planks seamlessly complement our wood flooring planks, offering a unified and sophisticated aesthetic for any interior design. By combining these two elements, you can elevate your space to a new dimension of style and cohesion. Ideal for walls and ceilings, our veneer planks are available in various gradings and an extensive palette of colors, ensuring a perfect match for your design vision.

FINISHES VENEER

01 BRUSHED

Experience the sophistication of refined texture and precisely defined wood grain with our brushed panels. These premium panels are carefully treated with different brushes and remove softer fibers, revealing unique and striking patterns in the wood grain.

02 BANDSAWN EFFECT

If you're looking for a more robust, hand-crafted look, a bandsaw effect might be just the thing for you. The bandsaw creates fine lines across the surface of the boards for a traditional appearance that recalls freshly sawn floorboards. This finish is not possible on our flexible sheets.

FINISHES VENEER

03 WOODSHIELD

If your goal is truly thorough protection, our Woodshield finish is what you need. This protective coating makes the boards more resistant and provides optimal protection against staining. Maintenance is even more easy.

BELGIQA

COLLECTION

► OAK RANGES: OAK ONE - TWO - FIVE

Elevate your interiors with the timeless appeal of these collections with pigmented oil finishes. These oak varieties exude natural elegance and warmth, making them a perfect choice for understated, yet sophisticated spaces.

► OAK RANGES: OAK THREE - FOUR - SIX

Experience the harmony of craftsmanship and style with our stained-and-oiled oak finishes. These collections feature a stain, enhancing the wood’s natural character for a refined and authentic look. The oak four collection stands out for its distinctive aged look, adding timeless character and a rich, storied aesthetic.

► OAK RANGES: OAK SEVEN - OAK EIGHT

Delve into the richness of multi-layer stained-and-oiled oak. These pieces are meticulously crafted to achieve deeper hues and dynamic textures, offering a bold statement in any design project.

► FORGOTTEN WOOD SPECIES

Rediscover the beauty of rare and unique wood species. This exclusive range highlights lesser-known varieties, like elm, douglas, afrormosia, walnut and more, adding unparalleled character and exclusivity to your interiors.

ASH

The **Ash** collection consists of beautiful, weathered colors, created with reactive stains and oils. Ash is a hard but flexible and resilient wood that can be found primarily in North America and Western Europe. Its naturally pale hue makes it perfect for staining, which has resulted in a collection that features many beautiful gradations in color.
